ENVIRONMENTAL IMPACT OF IMPROPER CANNABIS DISPOSAL

Improper disposal of cannabis products can have negative environmental impacts. When cannabis products are not disposed of correctly, they can end up in landfills or wastewater systems, potentially polluting the environment and harming wildlife.

NarcX+ solves these issues with its unique proprietary formula. The active THC/CBD, is destroyed and non-recoverable leaving behind an environmentally safe sludge that is safe for the solid waste landfills.

ADDITIONALLY, CANNABIS PLANT MATERIAL, OILS, TINCTURES, AND CONCENTRATES MAY CONTAIN RESIDUAL CHEMICALS OR CONTAMINANTS. IF THESE SUBSTANCES ARE NOT DISPOSED OF PROPERLY, THEY CAN ENTER WATER SYSTEMS AND POSE RISKS TO AQUATIC ECOSYSTEMS.

NARCX+ IS THE SAFEST, EASIEST, MOST COST-EFFECTIVE SOLUTION TO DISPOSING STOCKPILED CANNABIS WASTE

PROPER CANNABIS DISPOSAL IS CRUCIAL TO MINIMIZE ENVIRONMENTAL HARM AND PROMOTE SUSTAINABLE PRACTICES WITHIN THE CANNABIS INDUSTRY.

FAQ'S

Why is NarcX+ the ONLY on-site method of destruction in accordance with DEA's strict rules and regulations?	NarcX+ has multiple scientific independent validations, from criminal laboratories, that prove the product meets the DEA's definition of non-recoverable and non-retrievable.
What makes these validations important?	Registrants using companies with unsubstantiated claims are subject to potential revocation of their DEA registration if they are found to not comply with DEA regulations.
How Do I Dispose of NarcX+?	Once your bottle has reached disposal capacity, seal it with the tamper-proof cap we've provided. Containers can be safely thrown in the trash or collected by local waste management. Alternatively, we can arrange pickup through our contracted vendors. Contact us for more information.
Does NarcX+ Expire?	NarcX+ has a 24-month unopened shelf life. We advise in using and disposing of opened NarcX+ containers after 90 days of opening.
How Much Would it Cost a Major Cannabis Facility to Use NarcX+?	NarcX+ circumvents costly protocols for the disposal of unused or waste of cannabis. Instead, you only need to dispose of the NarcX+ container once it has reached capacity, saving you upwards of 40-60% per month over traditional methods.

COMPLIANCY

With NarcX+, it's simple. We are the safest and most convenient option for cannabis waste disposal. Whether unused cannabis products or waste itself, our patented solution renders any substance non-recoverable and non-retrievable within a few hours or less. NarcX+ prevents tampering and abuse with its patented solution consisting of powerful vomit inducers. This rapid process ensures you and your institution can ensure your waste is non-recoverable while keeping vulnerable populations safe from drug diversion.

STORAGE OPTIONS

NarcX offers standard sizes appropriate for both residential and commercial applications.

Residential Sizes:

6 oz, 16 oz

Commercial Sizes:

16 oz, 32 oz, 1 gal, 5 gal, 55 gal, 330 gal (inquire about other sizes)

Additional Security Storage Options:
